#### Technical Specifications

Please refer to the Manual at the given URL for details

[www.etconnect.com/.../7083L1012\\_Uni\\_120V\\_Std\\_Mod\\_Sht\\_vA.pdf](http://www.etconnect.com/.../7083L1012_Uni_120V_Std_Mod_Sht_vA.pdf)

### Architectural Lighting System; Unison CE Station

This system interfaces our dimmer racks to lighting control panels throughout the theatre. These panels strictly control our house lights.

### General Purpose Dimming System; ETC CEM+ Lighting Control Station

This module serves as the real time processor for incoming control signals and transmits that information to the individual dimmers. It also monitors the system status and reports any errors.
